FEDERAL COMMUNICATIONS COMMISSION
OFFICE OF THE SECRETARY

REQUEST FOR REVIEW

MasterMind Internet Services, Inc. ("MasterMind") submits its Request for Review of the Decision of the Universal Service Administrator ("Request for Review"), seeking review of the decisions of the School and Libraries Division ("SLD") of the Universal Service Administrative Company ("Administrator") to deny the applications of 40 school districts in the State of Oklahoma for discounts for eligible telecommunications services under the schools and libraries universal service support mechanism. MasterMind was the contracted service provider with the school districts to provide eligible distance learning telecommunications services.

A. Statement of Interest

1. MasterMind provides internet and telecommunication services over the internet both to the general public, and to various school districts in the State of Oklahoma. For the past three years, MasterMind has provided internet services to school districts participating in the Schools and Libraries Universal Service Program established as part of the Federal Telecommunications Act of 1996 to provide affordable access to telecommunications services for eligible schools and libraries. For the current fiscal funding year, MasterMind was the contracted service provider with 40 school districts who had filed applications with the SLD for

supported rates for eligible telecommunication services. SLD denied the applications of those eligible school districts for the stated reason that MasterMind was an "Invalid telecom. Provider." In support of this request for review, MasterMind submits the affidavit of Chris Webber, attached as Exhibit A ("Webber Affidavit").¹ A list of impacted school districts ("School Districts") is attached as Exhibit A-1 to the Webber Affidavit. MasterMind challenges the SLD's denial of funding on the 40 applications pursuant to 47 C.F.R. §§ 54.719 and 54.722, and respectfully requests appropriate relief from the Federal Communications Commission ("FCC") to overturn the decision of the SLD.

B. Statement of Material Facts

1. Chris Webber is the director of E-Rate Services for MasterMind Internet Services, Inc. ("MasterMind"). Webber Affidavit, para. 1.

2. MasterMind offers distance learning telecommunication services, over the internet, to the general public for a fee. Webber Affidavit, para. 2.

3. MasterMind offers and advertises its telecommunication services to the general public by general advertising in Oklahoma including but not limited to such medians as printed materials and brochures disseminated to the general public, newsletters mailed to all school districts which posted a Form 470 on the SLD web site in a six-state region, and postings on its web site. Webber Affidavit, para. 3.

¹Exhibit A sets forth the school districts, application numbers, and the services ordered. This document includes the list of school districts which were denied funding by SLD for both non-telecommunication services and telecommunication services to be provided by MasterMind. MasterMind seeks review in this proceeding of the denial for discounts on eligible telecommunication services. The non-telecommunication services listed are addressed in a companion Request for Review brought by MasterMind.

4. Starting on December 1st, 1998 and ending on March 9th, 1999, MasterMind assisted the School Districts in their filing of FCC "Form 470" with the SLD. Webber Affidavit, para. 4.

5. After the Form 470s were filed by the School Districts, SLD sent to the School Districts a "Receipt Acknowledgement Letter" that stated among other things, that the SLD had received "your properly completed FCC Form 470." A sample letter received by all of the School Districts from the SLD is attached as Exhibit A-2 to the Webber Affidavit. Webber Affidavit, para. 5.

6. Between April 1st and April 6th, 1999, MasterMind entered into 40 contracts with the School Districts to provide E-rate eligible telecommunication services and products. Webber Affidavit, para. 6.

7. Upon execution of the contracts with MasterMind, the School Districts submitted to the SLD the FCC "Form 471" for approval of the contracts for eligible telecommunication services provided by MasterMind. Webber Affidavit, para. 7.

8. On October 26, 1999, SLD notified the School Districts that the 40 applications for the funding of discounted eligible telecommunication services provided by MasterMind had been denied for the stated reason: "Invalid telecom. Provider." A sample copy of the denial notice is attached as Exhibit A-3 to the Webber Affidavit. Webber Affidavit, para. 8.

9. The SLD has issued a publication entitled "470 Application Guidance" dated March 2, 1998. Webber Affidavit, para. 9.

10. On August 31, 1999, Elizabeth Ryan, assistant general counsel for the Oklahoma Corporation Commission, issued a letter to Mr. Marc Edwards, counsel for MasterMind, a copy of which is attached as Exhibit A-4 to the Webber Affidavit. Webber Affidavit, para. 10.

C. Question Presented for Review

1. MasterMind entered into contracts with the School Districts to provide distance learning services over the internet. Distance learning is a service eligible for funding, but can only be provided by a telecommunications carrier. See Webber Affidavit, para. 11. A telecommunications carrier is a provider of telecommunication services, which are defined as the offering of telecommunication for a fee directly to the public on a common carrier basis. MasterMind provides distance learning over the internet to the general public on a common carrier basis, strictly within the State of Oklahoma. Despite this fact, the funding commitments involving MasterMind for distance learning were also denied. The stated reason by SLD was "Invalid telecomm. Provider."

2. Telecommunication carriers can receive direct reimbursement from universal support mechanisms for the provision of discounted telecommunications services on a common carriage basis. 47 U.S.C. §§ 254(h)(1)(A) and (B). 47 U.S.C. § 254(e) generally provides that only an "eligible telecommunications carrier" ("ETC") is eligible to receive universal service support. See 47 U.S.C. § 214(e)(2). However, telecommunication carriers, who may not qualify as an ETC, are eligible for reimbursement from the universal service program for providing discounted telecommunication services to eligible schools and libraries. Universal Service Order, 12 FCC Rcd 8776 (1997); 47 C.F.R. § 54.501. 47 U.S.C. § 153 (44) defines a "telecommunications carrier" as a provider of telecommunication services. "Telecommunication

services” are defined as the offering of telecommunications for a fee directly to the public, 47 U.S.C. § 153(46), and encompasses only telecommunications provided on a common carrier basis. Universal Service Order, 12 FCC Rcd at 9177-78. “Common carrier” is defined as “any person engaged in rendering communications services for hire to the public.” 47 C.F.R. § 21.2.

3. As set out in the Webber Affidavit, MasterMind offers telecommunication services to the general public for a fee. Webber Affidavit, para. 2. MasterMind offers and advertises its telecommunication services to the general public by general advertising including but not limited to such medians as printed materials and brochures disseminated to the general public, newsletters mailed to any school district which has posted a Form 470 on the SLD web site in a six-state region, and postings on the MasterMind web site. Webber Affidavit, para. 3. Clearly, MasterMind is a telecommunications carrier that offers the telecommunication service of distance learning to the general public on a common carrier basis.

4. SLD has issued a publication which states that a telecommunications carrier may have to be certificated to operate in a particular state in order to provide telecommunication services to eligible schools and libraries. This requirement would be determined by consulting the appropriate state regulatory commission. See Fact Sheet dated March 2, 1998, 470 Application Guidance, attached as Exhibit A-3 to the Webber Affidavit.

5. The Oklahoma Corporation Commission (“OCC”) pursuant to Article IX § 18, et seq. of the Constitution of the State of Oklahoma and 17 O.S. § 131, et seq., has been granted the authority to regulate the provision of telecommunication services in the State. The OCC defines in its rules “telecommunications,” as “the transmission, between or among points specified by the user of voice or data information of the user's choosing, without change in the

form or content of the information as sent and received.” OAC 165:55-1-4. “Service” is defined as the offering of telecommunications for a fee directly to the public, but does not include the offering of enhanced services. OAC 165:55-1-4. The OCC further distinguishes its jurisdiction between “regulated” and “unregulated” telecommunication services. See OAC 165:55-1-4. Therefore, enhanced services, such as distance learning over the internet, are telecommunications services that are not regulated by the OCC. This conclusion is buttressed by the letter from Elizabeth Ryan, Assistance General Counsel for the OCC, wherein she states, in essence, that internet-provided telecommunications services are not regulated by the OCC. A copy of the Ryan letter is attached as Exhibit A-4 to the Webber Affidavit.

D. Statement of Relief Sought

1. MasterMind provides telecommunication services over the internet both to the general public, and to various school districts in the State of Oklahoma. For the current fiscal funding year, MasterMind was the contracted service provider with 40 school districts who had applied with the SLD for supported rates for eligible telecommunication services. SLD denied the application of those eligible school districts for the stated reason that MasterMind was an invalid telecommunication provider. MasterMind challenges the SLD’s denial of funding, and respectfully requests appropriate relief from the FCC to overturn the decision of the SLD.

Relief is sought pursuant to Sections 1-4 and 254 of the Communications Act of 1939,
as amended, 47 U.S.C. §§ 151-154 and 254 and 47 C.F.R. §§ 54.704, 54.719, and 54.722.

**Important Notice from
The Schools and Libraries Corporation
about your Form 470 Application**

We are pleased to inform you that the Schools and Libraries Corporation (SLC) has received your properly completed FCC Form 470, Description of Services Requested. This letter provides important information about the processing of your Form 470 application. Please read this letter carefully and retain it for your records and future reference.

The SLC has assigned the following Universal Service Control Number (USCN) to your FCC Form 470: 315740000118149. Please record this number in a safe place. The USCN is used to track your Form 470, and it must be provided when completing a FCC Form 471, Services Ordered and Certification Form, that is based upon your Form 470 application. Any Form 471 applicant that intends to rely upon your Form 470 application must know the USCN for this application, and must be expressly listed in the Form 470 application in Item (19) of that Form. You may wish to share the USCN for your Form 470 application with those schools and/or libraries that are listed in Item (19) of your application to assist in their preparation of Form 471 applications.

The next step in the application process is the completion of a FCC Form 471 application, Services Ordered and Certification Form. FCC rules require that requests for new services be posted on the SLC Web Site for a period of 28 days before you enter into and sign any contracts with service providers. Your application was posted by the SLC on 12/14/1998. Accordingly, a contract or contracts may be signed for requested services on or after 01/11/1999. The SLC will be prepared on that date to receive your Form(s) 471. A properly completed Form 471, with a signed Form 471 certification, must be received by the SLC no later than 03/11/1999 in order to meet the SLC 100-day window. If the earliest allowable submission date is after the window date, your application will not be considered together with those received within the window.

A properly completed certification for your Form 470 has not been received. Please keep in mind that, while you may have mailed your signed, hard-copy certification, the SLC may not have received and processed it or your certification may not have been properly completed, in which case the SLC has not accepted it. Please view your Form 470 on the SLC Web Site www.slcfund.org to determine whether your certification has been processed or call the SLC Client Service Bureau at 888-203-8100 and have your USCN ready for the service representative. SLC acceptance of your certification must occur before the closing of the application window in order for you to be eligible for consideration within the window.

It is important to remember that not all requested services may necessarily be approved for discounts. Your application is subject to review by the SLC for a determination of funding eligibility before funds are committed. (This review will consider all program rules including eligibility of discount recipients and the eligibility of services for which discounts are requested.) In addition, availability of funds will be a factor in funding decisions. Therefore, you should consider the possibility of a denial of funding or a level of funding below your request, and include appropriate contingencies in contracts for any or all of the requested services.

If you have any questions, please call the SLC Client Service Bureau at 888-203-8100.

Re: MasterMind Learning Center

Dear Mr. Edwards:

You have inquired as to whether providing a distance learning service over the internet is regulated by the Oklahoma Corporation Commission. Based on our conversations, it is my understanding that MasterMind Learning Center is a common carrier which provides services only over the internet, and that MasterMind is not presently offering any of the telecommunication services provided by either local exchange or interexchange carriers. Further, it is my understanding that MasterMind is not presently providing access to the internet and will not seek reimbursement from the Oklahoma Universal Service Fund for 56K lines.

It is our opinion that the provision of distance learning services over the internet on a common carrier basis to the general public is a service that is not regulated by the Oklahoma Corporation Commission. However, prior to offering any telecommunication service provided by local exchange or interexchange carriers, such as access, MasterMind must obtain a Certificate of Convenience and Necessity from the Oklahoma Corporation Commission.

I hope this information is helpful to you. If you have any additional questions, or we can be of any further help, please let me know.

Very truly yours,

A handwritten signature in cursive script that reads "Elizabeth Ryan".

Elizabeth Ryan,
Assistant General Counsel
